Mr. Starzewski and his daughter Kasia Starzewski

Since 1992 the performances are part of our training. We hold two performances during a year, Spring and Winter performance. The staff is committed to the goal of having all students in levels PreBallet and above to perform. Even the youngest students learn from the very beginning the policies, protocol, and traditions followed in the theater throughout the world. If they become a performer, they will have the knowledge and skills to act professionally. If they chose to enjoy dance as an audience member, they will have a greater appreciation and understanding of the art.

We thank you to all volunteers for your help and continue support.
